

ROUND-WORLD FLIERS MAKE RECORD TO BERLIN

LOFTUS URGES
USE OF DIXON-
MADE CEMENTMakes Recommendation
In Considering New
State-Aid Work

Prospects for the relief of considerable unemployment in Dixon during the late summer and fall months through the construction of several blocks of cement paving are being considered by the state Department of Public Works and Buildings and the city council. At the regular weekly meeting last evening, Mayor Dixon submitted plans for the repairing of state highway routes 26 and 6 on North Galena avenue by building for two blocks of concrete paving from Water street to Everett street.

The second project contemplated for this summer is on East Second street, beginning at Artesian place and continuing to Steele avenue, to be a part of state highway route 2. The building of these two sections may be let to the city, the work to be under the direction of state inspectors.

Cost About \$7,500

The plans and specifications filed with the city council last evening provide for the expenditure of approximately \$4,754.19 on the East Second street improvement, where some street widening will be necessary, and the utilization of the state of about 849 barrels of cement. The two blocks to be constructed on North Galena avenue are estimated to cost \$2,680.18 and the use of 587 barrels of cement, making a total of about 1,500 barrels of cement and the expenditure of about \$7,500 in state reconstruction work in Dixon within the next few months.

Mayor Dixon informed the council that the first public hearing on both improvements would be held before the commission at the meeting next Tuesday evening.

Wants Cement

Commissioner John H. Loftus of the Department of Streets informed the council that he had conducted an investigation into the use of Medusa cement from the Dixon plant in the proposed state improvement, which, he stated, brought out the fact that in all probability Marquette cement, which is purchased by the state for 87 cents per barrel, would be used on both improvements in this city. The commissioner strongly urged the council to adopt the use of Dixon-made cement on both repairs. He told the council the state would use approximately 1,500 barrels of cement and the city about 1,200 barrels and recommended that the city's share at least be purchased from the local mills.

The council listened to the first report on the inspection of dairies supplying milk and dairy products to the city, as provided under the recently adopted milk ordinance. The inspection was conducted by Commissioner of Public Health and Safety H. A. Brooks and City Health Physician Dr. J. B. Werpen. The council recommended that licenses be issued to the dairies which have been inspected.

Four applications for soft drink licenses were allowed by the council and the regular monthly bills against the city were ordered paid.

Funeral Of Mrs.

Durkes Tomorrow

The funeral of Mrs. A. P. Durkes, of Omaha, Nebraska, who passed away Sunday afternoon, will be held Thursday morning from the home of Mrs. Elizabeth Durkes, of Franklin Grove, at 10 o'clock. Rev. J. Franklin Young of Dixon will conduct the services.

Mrs. Durkes, who had visited in Dixon frequently and who had many friends here, suffered a stroke of apoplexy Sunday morning but appeared to be recovering until a sudden relapse brought death at 4 P. M.

She is survived by her husband and one daughter, Mrs. Gussie Barnhart, three grand daughters, Adele, Eloise and Marguerite; a sister, Mrs. Winn Sage; and a brother, Fred Guthrie, all of Omaha. W. C. Durkes of Dixon is a brother-in-law.

The pall-bearers will be Harry Lager, George Cornelius, Frank Edwards, George Shaw of Dixon and Fred Hansen and Lloyd Sheap of Franklin Grove.

Firemen's Efforts

Proved To Be Vain

Canton, Ill., July 6.—(AP)—Heroic efforts of an inhalator squad of the Canton Fire Department that worked 53 consecutive hours to revive Miss Lucille Blaklee went for naught. The 23-year-old stenographer died this morning after being unconscious 112 hours. She is alleged to have attempted suicide Friday because of a blighted love affair.

SCHOOL BUDGET CUT

Moline, Ill., July 6.—(AP)—The Moline school board at a meeting last night approved a \$111,000 slash in the budget for next year, which will result in a 11 per cent reduction in school taxes.

The reduced budget is the result of drastic economies made by various committees, salary cuts and the temporary postponement of a sinking fund for a new building.

Floods, Frost,
Torrential Rain
In Weather's Dish

Kansas City, July 6.—(AP)—Householders fled today before floods which visited widely separated parts of the nation on the heels of tornado winds which killed four persons in Kansas and Nebraska.

Streams fed by torrential rains partly inundated towns in Texas, Oklahoma, Kansas, Ohio and West Virginia. Most of the extensive damage was suffered by farm crops.

Tornadoes killed three persons Monday at Washington, Kas., and a fourth near Hubbell, Neb.

Another trick of the weather brought a killing frost to Star River Valley near Grover, Wyo. Growers said the 25 degree temperature damaged virtually all potato plants and other vegetables and ruined alfalfa crop.

The Rio, Nueces, Guadalupe Colorado rivers spread fear in parts of Texas. The 300 residents of Tilden, in McMullen county, evacuated their homes ahead of the Rio flood waters.

Heavy rains in Ohio threatened farm crops near Cincinnati. Serious flood conditions were faced in southern Ohio in the vicinity of Portsmouth, following a near cloud burst last night. Previous rains had flooded several villages.

Glendenin, near Charleston, West Va., was isolated by streams in the southern part of the state which left their banks. Highways, farm lands and homes were damaged.

SHORTSTOP OF
CUBS SHOT BY
GIRL THIS NOONBill Jurgens Is Wounded
In Hand And Side:
Girl Shot Self

Chicago, July 6.—(AP)—William Jurgens, Chicago Cubs shortstop, narrowly escaped death today when a young woman went to his hotel room, shot him twice and then turned the gun on herself, neither was seriously wounded.

The woman, a pretty brunette gave her name as Miss Violet Valli of Chicago. She gave her occupation as a cashier in a northside Chicago store. At the Illinois Masonic hospital where she was taken along with Jurgens, she refused to say why she shot him.

From the scattered, incoherent evidence gathered by the police, it appeared like an unrequited love affair with Jurgens spurning the woman's attentions. The police said that she threatened to shoot Jurgens and in the struggle for the gun Jurgens was shot in the right side and left hand and Miss Valli in the left hand. Dr. John Davis, Cub physician, said the side wound failed to penetrate the vital organs and that no bones were broken by the hand wound.

Shortly Before Noon

The shooting occurred in the Carlos Hotel, adjacent to Wrigley field, at 11:30 A. M.

Jurgens has been one of the bright spots in the Cub drive for the National League pennant. He came to the Cubs from Reading of the International League last year and Manager Rogers Hornsby labeled him as one of the great fielding infielders of years. He failed to hit much over the 200 mark, however, and was shipped back to Reading for more training late in the season. This season, he has been playing regularly, fielding smarter than ever and hitting 50 points higher than a year ago.

President William L. Veck of the Cubs said Jurgens' loss would be a heavy blow to the Cubs, who opened their home stand against the eastern invasion today, but that he hoped he would be able to return to the lineup within a few weeks.

Organized Drys To

Decide On Policy

Washington, July 6.—(AP)—Organized dries will attempt to agree on presidential campaign strategy at a meeting here July 14 and 15.

Dr. Edwin C. Dinwiddie, executive secretary, issued a call today to the National Prohibition Board of Strategy, war council of 30 prohibition groups.

"I have seen and heard nothing to indicate any likelihood of the organized dries of the country attaching themselves to the prohibition party," Dinwiddie said.

Rockford Man Is

Sentenced Today

Rockford, Ill., July 6.—(AP)—Truman Johnson, former president of the Security First Mortgage Company, was sentenced to one to ten years in the state prison today for embezzlement of \$20,000. He pleaded guilty recently.

Johnson will be taken to prison today. Evans Anderson, secretary of the company who was convicted of embezzlement, is free under bond pending his appeal.

John M. Burke Is
Called By Creator

John M. Burke, for many years a resident of Dixon, passed away yesterday afternoon at the home of his daughter, Mrs. Frank Gardner, 218 College avenue after a long illness. Besides his bereaved wife, he leaves to mourn his passing, five children, John of Belvidere, Charles, Mrs. Wilson Eastman, Mrs. Frank Gardner and Mrs. Glade Lambert, all of Dixon, eight grandchildren, one sister, Mrs. Daniel Blackburn and one brother, Edward Burke of this city. Funeral services will be conducted from the family home Thursday morning at 9 o'clock and at 9:30 from St. Patrick's Catholic church with interment in Oakwood.

CONFERENCE ON
RELIEF BILL IS
WITHOUT RESULTHouse And Senate Dem-
ocrats Refuse Any
Concessions

Washington, July 6.—(AP)—A two-hour conference between President Hoover and Senate and House leaders on the \$2,122,000,000 Wagner-Garner relief bill broke up today with a breach still existing between the legislative and executive branches.

Speaker Garner, co-author of the bill, at first told newspapermen with considerable emphasis as he left the White House that "we did not reach an agreement."

Garner said later, however, that the conferees and the President were "virtually in agreement" upon all points in the huge measure except the section dealing with loans to individuals.

The President has remained adamant in opposition to this provision.

Garner said the next step would be to call back the House and Senate conferees into a meeting on the measure, and re-discuss it "in the light of the conferees we held here today and last night."

Representative Rainey, the House Democratic leader, was even more emphatic in his stand.

Dems. Going Ahead

"We are going ahead with the bill as it is," he asserted, "and if he wants to veto it he can."

Asked what points were in disagreement the Democrat said with a shrug of his shoulders "we could not agree on anything."

Senator Wagner (D. N. Y.) also a co-author of the bill, took virtually the same stand as Rainey, telling newspapermen grouped about him in the lobby of the White House offices that there had been little agreement between the Democratic side and the President.

Representative Snell, the House Republican leader, who had been optimistic as he entered the President's office two hours before, would only say, "we did not reach an agreement."

Conferred Four Hours

The apparent breach between Capitol Hill and the White House on the relief measure existed after more than four hours of discussion between Mr. Hoover and Senate and House leaders.

Last night the President called 16 men from the Capitol, along with four members of the Reconstruction Finance Corporation, into a conference in the cabinet room that lasted nearly two hours and a half.

This morning, with Secretary Mills and Governor Meyer of the Federal Reserve Board, by his side the President sat from 9 until 11, with Senators Robinson of Arkansas, the Democratic leader, and Norbeck of South Dakota, and Speaker Garner (D. N. Y.) and Speaker Robinson.

Senator Robinson appeared far

YOUTHFUL HEIR
TO MILLIONS IS
VICTIM OWN GUNCoroner Unable To De-
termine If Smith Rey-
nolds Was Suicide

BULLETIN

Winston Salem, N. C., July 6.—(AP)—Dr. Wm. Dalton, County Coroner, late this afternoon said he was recording the death of Smith Reynolds, tobacco heir found shot to death in his home today, as a suicide.

Winston Salem, N. C., July 6.—(AP)—Smith Reynolds, youthful heir to a tobacco fortune, shot and fatally wounded himself early today on a sleeping porch adjoining the bedroom of his wife, the former Libby Holman, Broadway "Torch Singer," in his home here.

Whether the 20-year-old youth, who took Miss Holman as his second wife a few months ago, intended to kill himself or accidentally fired the fatal shot was in doubt.

Dr. W. N. Dalton, County Coroner, after an investigation said he was convinced the death was due either to suicide or accident, but it might be several days before he would be ready to render a verdict deciding between the two possibilities.

No Suicide Motive

He and Mrs. Reynolds entered for suicide in his investigation.

Reynolds, youngest son of the late R. J. Reynolds who built a fortune from tobacco, died in a hospital at dawn, four hours after he was taken there unconscious from the bullet wound. He never recovered consciousness.

He and Mrs. Reynolds entertained at an informal dinner party last night. All the guests left about midnight with the exception of Ab Walker of Winston-Salem, a close friend of Reynolds' and Miss Blanche Yeager of New York, friend of Mrs. Reynolds and her house guest.

Guests' Story

Walker, who had been invited to spend the night, said he was on the lower floor closing windows when he heard the muffled report of a shot and then heard Mrs. Reynolds scream. He found Reynolds on the sleeping porch unconscious from a bullet wound in the head. On the floor by the body was an automatic pistol.

A subsequent autopsy disclosed the bullet entered near the right temple and emerged just back of the left ear. Dr. Dalton said there were powder burns on the right side of the face.

Mrs. Reynolds was prostrated and was placed under the care of a physician.

Frank Vogler, Winston-Salem undertaker, said there was every indication of suicide.

First Prominence

Young Reynolds first came into newspaper prominence three years ago when he and Anne Cannon, heiress to the Cannon textile millions, were married at 2 A. M. in York, S. C. The young couple was accompanied to the South Carolina Gretna Green by her father and his chauffeur.

Marital troubles soon developed and shortly afterwards Reynolds settled \$100,000 on his wife and infant daughter. A few months later, Reynolds flew his wife to Reno where she obtained a divorce.

Made Plane Jaunts

Reynolds' interest in aviation prompted him to make several airplane jaunts, including one about the far east with Jean Assolant, French flier. He was returning from this trip when Miss Holman went to Hawaii to meet him and they were married there. Announcement of the marriage was not made, however, until their return to New York several weeks later.

Anne Cannon Reynolds, shortly after her divorce, announced her engagement to B. Frank Smith, Jr., Charlotte hardware man. They were married at about the same time Miss Holman and Reynolds announced their secret marriage.

Miss Holman, six years older than Reynolds, is the daughter of a Cincinnati attorney. She was graduated from the University of Cincinnati where she studied law, and later rose to prominence on the New York stage.

Reynolds was the youngest son of R. J. Reynolds, founder of the tobacco fortune. An elder brother, R. J. Reynolds, Jr., engaged in numerous escapades which kept his name before the public. Like Smith, he has been highly interested in aviation and at one time owned Roosevelt Field, near New York.

About two years ago while in England, R. J. Reynolds, Jr., struck and killed a cyclist with his automobile. He was arrested, convicted of reckless driving and served a prison sentence under the name of R. Joshua Reynolds. Members of the Reynolds household said R. J. Reynolds, Jr., is now somewhere in Europe.

Besides his brother, Smith Reynolds is survived by two sisters, Mrs. Charles Babcock and Mrs. Henry Walker Bagley, both of New York. W. N. Reynolds, racing enthusiast, is an uncle.

Neither Smith nor his elder brother was ever actively connected with the management of the R. J. Reynolds Tobacco Company. The share of each in the fortune left by

Springfield, Ill., July 6.—(AP)—Authority to discontinue operation of passenger trains Nos. 151, 42 and 44 from Barstow, Rock Island county, to Earlville, La Salle county, and Shabbona, DeKalb county, and Nos. 43, 31, and 152 from Earlville and Shabbona, 10 from Barstow was granted the Chicago Burlington & Quincy Railroad today by the Illinois Commerce Commission.

These trains in reality are one gas-electric rail motor car in charge of a single crew, which changes its number at different points. Patronage has dwindled until revenue passengers average less than one per cent per train mile and less than ten per day on the round trip of 194 miles. The train has been earning revenue of only \$300 a month while the cost of its operation is approximately \$1,887.73 per month, or a loss of about \$1,587.73.

Communities affected will be served by mixed train service. They are Barstow, Osborn, Joslin, Hillsdale, Erie, Denrock, Lyndon, Sands, Agnew, Sterling, Rock Falls, Stones, Agnew, Walton, Amboy, Shaws, West Brooklyn, Compton, Paw Paw, Radley, Earlville and Shabbona.

GOV. MURRAY'S
CANDIDATES IN
PRIMARY BEATEN

Oklahoma Executive's

Hold On His State

Seems Slipping

Oklahoma City, July 6.—(AP)—Incomplete returns today from Oklahoma's initial primary election showed leads in most major races for candidates who made their campaigns without benefit of Governor William H. Murray's stamp of approval.

Nearly 9,000 candidates were in the field, 72 offices ranging from township posts to United States Senator.

Leading a group of candidates opposed by the Chief Executive, Mrs. Mabel Basset, state Commissioner of Charities, held a lead for the Democratic nomination for Congressman-at-Large. The returns indicated Murray's choice—Claude Weaver—was eliminated. He ranked fourth.

Another Murray favorite, Neil Gardner, trailed in the race for Seventh District Congressman. The leader was J. V. McClintic, a Democrat, who has represented the district since 1914.

The hardest fight any congressional incumbent encountered was that put up by Alex Johnston, Okmulgee attorney and oil man, against W. W. Hastings, favored by Governor Murray, in the second district. They were running neck and neck.

J. C. (Jack) Walton, who was impeached and removed as Governor in 1923, during the Ku Klux Klan era, appeared assured of a popular election in the first district.

The Curlew, sailing out of Throgs Neck, N. Y., started the race from Bermuda from Montauk Point, Long Island a week ago Saturday along with 26 rivals. All the others reached Bermuda last week, some of them as early as Tuesday.

An unofficial entrant in the race, the Bermuda fisherman, Spanish Rose, reached Bermuda yesterday morning after being blown off her course and becalmed. Some sailors thought the Curlew might have gone through the same experience.

However, there was some concern over the New York boat's failure to arrive because her crew was inexperienced in ocean yachting. She was commanded by Nat Blum and manned by A. S. Rosenberg, navigator; Benjamin Theeman, Frank Riger, Larry Weiss and Carl Parsons. All are from New York.

Rock Island, July 6.—Charged with reckless driving, Emil Rogers of Dixon, Ill., was fined \$25 and costs when arraigned in police court here yesterday. Rogers' arrest followed a collision between his car and the machine of Fred Peterson of this city at Forty-fourth street and Fourteenth avenue.

Smith Thaws Out
New York, July 6.—(AP)—Alfred E. Smith announced today that he would "support the Democratic party."

At the beginning of his charge Justice Humphreys said Sir Patrick's speech for the defense was the finest he ever had heard in a court of law.

Sir Patrick had told the jurors they must not be influenced by scandalous stories of Mrs. Barney's life.

"We don't know her life and we are not considering it," he said. "It was not nice for her to have to admit that she had been living with this man, but you must not be unduly prejudiced by that."

He referred to Mrs. Barney's marriage to John Barney, an American vaudeville actor from whom she separated after a year.

"Her life was tragic, tied to a divorce because the law of the land would not allow it," he said. "Whatever may have been the character of this dead man, she loved him."

"We don't know what her temptations may have been. Unpleasant suggestions are easy, but we are not all above suspicion. Even one of us someday may have a daughter of our own for whom we may have to make excuses not easy to make."

Justice Humphreys, summing up the evidence, said: "There is not the smallest doubt that there was a struggle for the revolver. This woman is not to be convicted of murder unless it is proved that she fired the fatal shot intending at the time to kill the man at whom she was firing."

The case was given to the jury at 2:55 P. M.

BRITISH BEAUTY
IS ACQUITTED OF
SHOOTING LOVERMrs. Elvira Barney Giv-
en Liberty At Once
In Old Bailey

London, July 6.—(AP)—Mrs. Elvira Dolores Barney, accused of murdering her lover, Thomas William Scott Stephen, was acquitted by a jury today of both murder and manslaughter counts against her.

She also was exonerated on another indictment charging intent to do Stephen grievous harm.

The jury was out a little less than two hours.

Stephen, son of a prominent financier, was fatally shot in Mrs. Barney's apartment on the night of May 31.

He discharged accidentally as the two struggled for its possession. Mrs. Barney testified that she had threatened to commit suicide and that Stephen, seizing her pistol from his hiding place, had started to leave the apartment when she pursued him.

Because of the prominence of both Stephen and Mrs. Barney, the trial had attracted great crowds since Monday, when it began. The spectators for the most part were persons prominent in society and in the arts.

Discharged Immediately

The defendant was discharged immediately after the verdict was given, but Justice Humphreys, who presided, advised her not to leave Old Bailey until the crowds had been cleared from the streets in the vicinity.

Lady Mullens, her mother, also collapsed and was carried from the court room.

Justice Humphreys, presiding, charged the jury today that unless it was established that the defendant fired the fatal shot with intent to kill, she could not be convicted.

The charge followed a ninety-minute summation by Sir Patrick Hastings, the defense counsel, who repeated Mrs. Barney's own story of her love for Stephen and of the night on which he was killed in her apartment in a struggle for a revolver with which Mrs. Barney had threatened to kill herself.

"It is conclusive evidence of her innocence," he thundered, "that her fingerprints were not found on the revolver. There is no evidence here upon which you could be asked to hang a cat."

Praised Defense

At the beginning of his charge Justice Humphreys said Sir Patrick's speech for the defense was the finest he ever had heard in a court of law.

Sir Patrick had told the jurors they must not be influenced by scandalous stories of Mrs. Barney's life.

"We don't know her life and we are not considering it," he said. "It was not nice for her to have to admit that she had been living with this man, but you must not be unduly prejudiced by that."

He referred to Mrs. Barney's marriage to John Barney, an American vaudeville actor from whom she separated after a year.

Car And Truck In

Collision Tuesday

Anton Stuhlman and family of Chicago, enroute home from a week end visit with relatives at Clinton, Iowa, narrowly escaped serious injury yesterday afternoon about 2:30 when their car turned over twice as the result of a collision on North Peoria avenue and Everett street. Their car was struck by a wrecking truck belonging to the Ed Paxon garage at Sterling.

All of the occupants of the Chicago car sustained minor injuries and were attended by a physician, but were able to continue by train to Chicago last evening. Their car was totally demolished.

Paxon was driving north on Peoria avenue and the Chicago car was traveling east on Everett street. Stuhlman's car was hit amidships, turned completely around and rolled over twice. An aged woman in the Chicago car suffered severely from bruises and shock but was able to proceed to Chicago with the other members of the family last evening.

SPRINKLER SCHEDULE

A sudden return of July hot weather brought forth a liberal patronage of the city's shower sprinklers for large crowds of children this afternoon. The members of the fire department yesterday afternoon found no patronage when the sprinklers were attached to the fire hydrants. The schedule of operation tomorrow afternoon starting at 2:30 as announced by Fire Chief William Mitchell today, provides for cooling showers at the following locations: Sherman avenue and Second street, Hennepin avenue and Boyd street and on Third street and Artesian place.

Cold Shoulder Is:
Given Prohib. Party

Washington, July 6.—(AP)—Deeds Pickett of the Methodist Board of Temperance, Prohibition and Public Morals, said today he "simply can not see" the practical program of the prohibition party meeting in Indianapolis.

He commented in response to questions after issuing a formal statement asserting Congress is not bound by party platforms on the pending proposal to legalize beer. He was the second day leader to turn a cool shoulder to the prohibition party. He said:

"I have every sympathy with the party of the prohibition party. They're absolutely clearcut on our issue and they are the only group who are. But as a practical proposition I am sorry to say I simply can not see their program."

Edwin C. Dinwiddie, executive secretary of the National Prohibition Day Board of Strategy, yesterday said he had "seen and heard nothing" to indicate temperance groups might line up with the prohibition party.

Aimee Backs Mate in Love Suit

"Every man has his affairs of the heart before he finds the woman of his ultimate choice!" So said Aimee Semple McPherson Hutton, woman pastor of Angelus Temple, refusing to be perturbed by the breach of promise testimony a Pasadena nurse leveled at the evangelist's barton-husband, David. Here, Aimee on her sick bed in a sanitarium at Palms, Calif., where she is recovering from a nervous breakdown, being visited by her husband in an interval in his court battle with Myrtle Joan St. Pierre.

PRISONER IN
DAVENPORT IS
ROBBER SUSPECTMan Held on Fugitive
Warrant May Know
Of Big Holdup

Davenport, Iowa, July 6.—(AP)—C. Thomas Myers was in Scott county jail today, unable to raise \$300 bonds on a fugitive warrant from Denver, while authorities of Davenport and at least four other cities attempted to trace his connection with a bond robbery of \$157,000 at the Northwestern National Bank in Minneapolis.

Held originally under \$100 bonds for passing a worthless check for \$33.80 at a hotel here he was arraigned again this morning before Police Magistrate J. M. Maloney on the warrant from Denver which charged him with a "confidence game" there, in which he is said to have obtained \$3,192.83.

According to word received from Harold E. Putnam, Deputy District Attorney in Denver, an officer left there today by airplane to take Myers in custody, probably to stop in Des Moines, to obtain extradition papers from Governor Dan Turner.

Meanwhile, however, a report that he had sold \$6,000 worth of the stolen Minneapolis bonds to a broker in Denver led to a renewed search for the \$157,000 worth of bonds.

Myers is said to have admitted knowledge of the whereabouts of the bonds when he conferred with County Attorney John Weir of Davenport recently in regard to negotiations for their return.

Before Conrad's Fame
A curious incident, perhaps one of the most curious of modern literary history, was the voyage that John Galsworthy made in the ship *Torrens*, of which at that time Conrad was mate. I think the time was about 1892 or 1893. Galsworthy had planned a pilgrimage to Samoa in hope of visiting Stevenson, and sailed in the *Torrens*, Conrad's ship. He never got to Samoa to visit Stevenson, but how amazed he would have been at that time if he had known that the mate in the sailing ship in which he traveled was to become a writer far greater even than Stevenson himself.—Christopher Morley, in "Ex Libris Carissimis."

"Curio" Real Diamonds
While selling some gold trinkets in a jewelry shop in London recently a stranger produced a bottle filled with what seemed to be small crystals and asked B. Gould, the jeweler, what they were. B. Gould pronounced them to be diamonds and gave the man \$4,140 for them. The stranger was surprised, and said that his father had brought the bottle home from South Africa about forty years ago, and that he had kept it merely as a curio.

The transportation of Congress members is said to cost the United States over \$175,000 annually.

CONFERENCE ON
RELIEF BILL IS
WITHOUT RESULT

(Continued From Page 1)

from cheerful as he left the White House.

Afraid of Veto
"The situation looks disappointing to me," the Arkansas said, "I am afraid the bill will be vetoed."

The President served notice on the conferees last night that he would veto the measure unless changes were made.

He objected not only to the individual loan provisions, but also to the public building program and the distribution of relief funds to states on the basis of population rather than need.

Garner, in referring to the latter two items, said he considered the conferees and the President could reach a final agreement upon these provisions.

Here is the provision of the unemployment relief bill around which most of the controversy centers, favored by the Speaker but opposed by the President:

Controversial Feature
"To aid in financing agriculture, commerce, industry and housing, including facilitating the exportation of agricultural and other products, and to assist in the relief of unemployment, the corporation is authorized and empowered to make loans, upon such terms and conditions not inconsistent with this act as it may determine, to any person when in the opinion of the board of directors of the corporation such person is unable to obtain funds upon reasonable terms through banking channels."

The bill defines the word "person" as meaning any individual, trust, estate, partnership, corporation, joint stock company, state, political sub division of a state, municipality, instrumentality or agency of a state, municipality, of political sub division.

Garner Blocks Peace
Secretary Mills, who remained for half an hour with the President after the conference concluded, charged that Speaker Garner had blocked any hope of an agreement on the relief legislation through insistence that the bill provide for loans to individuals.

Asked if Mr. Hoover would veto the bill if this provision remained, Mills replied:

"Yes, and he should."

Speaker Garner took the House floor later amid cheers from the Democratic side to recite the events occurring at the conference.

"We propose to say to the President that there shall be no more class legislation," Garner roared as the packed galleries and the silent members listened attentively.

"I can say now and I have the President's authority for it, that this country is in worse shape now than it has been in its history," Garner continued.

"For when I asked the President he replied that the appropriation of \$300,000,000 might lead to a panic."

"His policy has been so uncertain that while he looks for a panic around the corner, maybe we can look for good times."

Garner said he held out for the principle of broadening the base of the Reconstruction Corporation so that all persons could benefit from it instead of any one class.

Garner said "there is no place where an individual can borrow money in this country any more, adding that the banks that had borrowed from the Reconstruction Corporation were refusing to lend money for the restoration of industry and development."

Urging the House to stick by its principle of broadening the base of the Reconstruction Corporation and not to surrender on the direct relief proposition, Garner said in concluding:

"I make that suggestion because I believe we have got to have some reservoir of relief or we will have riots. We might as well be plain about it."

In reply to a question, Garner said he believed the conferees might accept the President's suggestions on all but that section of the bill dealing with the Reconstruction Finance Corporation loans.

When Garner sat down amid Democratic cheers, Representative Snell, the Republican leader, took the floor.

"Acceptance Speech"
Snell began by terming Garner's address "the acceptance speech of the Democratic candidate for the Vice-Presidency."

"The gentlemen from Texas,"

GOD ANSWERS PRAYER

KNOW not by what methods fate,
But this I know, God answers prayer.
I know not when He sends the word
That tells us fervent prayer is heard.
I know it cometh, soon or late;
Therefore we need to pray and wait.
I know not if the blessing sought
Will come in just the guise I thought.
I leave my prayer to Him alone
Whose will is wiser than my own.

Dinner Sunday Honors Anniversary

Mr. and Mrs. Lewis Galkano entertained fourteen guests at dinner Sunday at the Coffee Shop honoring the first anniversary of their marriage. Mrs. Galkano before her marriage was Mrs. Della McMains. All the guests were seated at one table which was decorated prettily with summer flowers. After the dinner all were entertained during the afternoon at the Galkano home, 721 Benton avenue, at cards. Later Mrs. Galkano served ice cream and cake, completing a most enjoyable day for everyone. The guests on departing wished the host and hostess many happy returns of the day. Those present were Mr. and Mrs. Ed Rhodes and son Ernest, Mr. and Mrs. Clayton Rhodes, Mr. and Mrs. Harry Millhouse and daughter, Dorothy Mae, and Mrs. Sam Kline and daughter, Bernice, and son Clifford.

DAUGHTER OF DIXON WOMAN GRADUATES

A Los Angeles, California, paper describes at length the graduation of 300 students from the Fairfax High School this year. Numbered with the graduates were Helen Benton, daughter of Mr. and Mrs. L. Benton, who delivered the oration. "Washington, a Leader of Men," Mrs. Benton, is a former Dixon woman. Miss Carrie Kenneth, carrying bouquets of sweet peas, delphinium and ferns, the girls were attractive in long frocks of dainty colors. The boys wore white trousers, dark coats and yellow ties. The colorful graduation exercises were held at the Greek theater in Griffith park. The paper also printed several pictures of the class and individuals.

2 cups honeydew balls
2 cups water

1 cup sugar
4 mint leaves
4 tablespoons lemon juice

Select firm fruit and cut out balls with French vegetable cutter

Mix water, sugar and mint leaves. Boil slowly 2 minutes

Remove leaves and add lemon juice. Cool and chill. Arrange balls, which have been chilled, in cups

Add sugar mixture and serve. Jellied Chicken Supreme (For 12)

2 tablespoons granulated gelatin
1-2 cup cold water

3 cups boiling stock
2 cups diced, cooked chicken

1 cup chopped green peppers
1-4 cup chopped green peppers

1-2 teaspoon salt
1-4 teaspoon paprika

12 slices olives
12 slices tomatoes
24 slices cucumbers

1-2 cups stiff mayonnaise
Soak gelatin and water 3 minutes

Add stock and stir until gelatin has dissolved. Cool. Pour a little into the bottoms of individual molds which have been rinsed out in cold water. Set molds in a cold place to stiffen a little and arrange olives in bottoms. Add chicken, celery, peppers, salt and paprika to remaining stock. Fill molds and chill until stiff. Unmold carefully. Arrange molds on tomatoes, which have been placed on lettuce. Add cucumbers and mayonnaise. Garnish with parsley and serve at once.

Sixtieth Wedding Anniversary Celebration Was Enjoyed

At the home of the bride, four miles north of Dixon, in Palmyra township, on July 4th, 1872, Miss Janette N. Morgan and Julius C. Williams were united in marriage by a Methodist minister, the Rev. A. H. Schoonmaker.

They began housekeeping on the farm of the grooms parents, Mr. and Mrs. George Williams in Palmyra and lived in that home thirty-four years. In 1906 they moved to Artesian S. D. remaining there four years. Returning to Dixon they bought the home at 319 Sixth street where they have resided for twenty-two years.

Their golden wedding was celebrated in 1922 while visiting a daughter Mrs. Geo. Bennett in Artesian. Doubtless on that day, the 60th anniversary looked to them a long way down the future but ten years have quickly passed and on last Monday, July 4th their entire family of five children were privileged to be with them to observe this rare occasion. They are John L. Williams, Artesian, S. D., Mrs. Ella Phillips, Dixon; Mrs. Marie Joyce, Dixon; Mrs. Esther Bennett, Artesian, S. D.; Mrs. Leah Trendt, Granville, Ill. Two sons-in-law, Geo. Bennett and Stanley Trendt were present.

Mr. and Mrs. Williams have eleven grandchildren, six of whom were present as follows: Miss Avis Williams and brother Julius, Artesian, Geo. A. Trendt, Granville, Ill., Geraldine Bennett, Artesian, and Raymond and Geo. Joyce, Jr., Dixon.

At noon a bountiful dinner was served to the Williams family, by the Misses Rice at their residence on Lincoln Way. The table decorations were very pretty in lavender and green. The large cake with its 60 candles and topped by a miniature bride and groom was much admired. The flowers were two crystal baskets of larkspur and baby's breath.

During dinner the guests were entertained by Master Jimmie Rice, Dixon's famous "drummer boy" accompanied by his mother, at the piano and aunt, Mrs. Myrtle Bishop, who sang some songs of long ago.

She also played Mendelssohn's Wedding March as the company left the tables and returned to the Williams home.

An announcement had been made that "open house" would be kept during the afternoon and evening to all friends and many accepted the invitation. Among the number were several from Sterling. Telegrams and cards of congratulations were received from out of town friends. Many beautiful flowers were sent in by others. Bouquets of roses, lilies, delphinium and baby's breath were in abundance, making the porch, living room and dining room very attractive.

A number of snap shots were taken of the family groups which will be happy reminders of the day.

Two relatives were present who were in attendance at the wedding, Mrs. Clara Goodrich, sister of Mr. Williams, and Chas. E. Morgan, brother of Mrs. Williams.

It was learned that the parents of both bride and groom also lived to pass their 60th wedding anniversary, which is an odd coincidence.

This esteemed couple have many friends who extend very best wishes and hope they may live to enjoy another anniversary July 4th, 1932.

Berries Give Summer Menu Just Desserts

Berries of some variety can usually be found in the market from early spring on through the summer months. Even strawberries and red raspberries whose season used to be so short appear almost until frost now that the ever-bearing varieties are so generally cultivated. With the northern growers shipping south and the southern growers shipping north, there's never a lack of small fruits.

The busy housewife who has little time to spend making fussy desserts will find these small fruits a veritable boon for summer menus. Fresh, uncooked berries served with or without sugar and cream always are popular and healthy, and require a minimum of time in preparation.

When there are small children in the family it is well to keep in mind that every seedy berry such as black berries and raspberries should be rubbed through a strainer to remove the seeds. The seeds are indigestible and may do a child much harm. However, a small amount of sifted pulp may be given to children as young as three years of age.

Berries lend themselves to many types of made desserts, too. There are numerous berry desserts that may appeal to you when you want a hearty last course to finish out a light meal. Those which are not too rich are suitable, when served with cream, for children over six years of age.

A Light Dessert
Berry whips made of egg whites and sifted pulp are excellent for children and invalids. Such a dessert is light and nourishing and when served very cold is refreshing.

Steamed puddings and baked puddings of cake-like texture are good served warm and are splendid when the rest of the meal is wanted cold.

Berry pies are greeted with pleasure in most homes and seem to be especially popular with the men-folk.

Berries of all kinds are good added to a bread pudding. The pudding itself can be made in several ways. A foundation bread-custard pudding may have berries added and the whole baked as usual. Or the fruit can be stewed with sugar and poured over thin slices of bread and butter. This is molded and chilled and served with sugar and cream. These desserts are deliciously simple and are suitable for children.

Blueberries, which have few seeds and less acidity than most other varieties, are particularly good in puddings and pies.

Blueberry molasses puffs are a typical New England dish economical and good. They are a good dessert for luncheon or a light dinner.

Blueberry Molasses Puffs
One cup blueberries, 1-2 cup boiling water, 1 cup molasses, 4 tablespoons sugar, 2 tablespoons melted shortening, 2 1-2 cups flour, 1 teaspoon cinnamon, 1-2 teaspoon salt.

Look over berries, wash and drain. Sprinkle with 1-2 tablespoon flour and mix lightly but thoroughly. Mix boiling water and molasses. Mix and sift flour, salt, soda and spices. Add to liquid ingredients and mix well. Add melted shortening and beat hard. Stir in prepared berries. Turn into oiled and floured individual pans and bake twenty minutes in a moderate oven. Serve warm with sugar and cream.

Berry dumplings and berry rolls, poly make good inexpensive desserts. They are usually eaten with sugar and cream. A rich baking powder biscuit dough is rolled in a thin sheet and spread with softened butter. Sugared berries are sprinkled evenly over the dough and the whole is rolled up, jelly-roll fashion, and baked. Cut in slices to serve the poly-poly.

One cup blueberries, 1-2 cup boiling water, 1 cup molasses, 4 tablespoons sugar, 2 tablespoons melted shortening, 2 1-2 cups flour, 1 teaspoon cinnamon, 1-2 teaspoon salt.

Look over berries, wash and drain. Sprinkle with 1-2 tablespoon flour and mix lightly but thoroughly. Mix boiling water and molasses. Mix and sift flour, salt, soda and spices. Add to liquid ingredients and mix well. Add melted shortening and beat hard. Stir in prepared berries. Turn into oiled and floured individual pans and bake twenty minutes in a moderate oven. Serve warm with sugar and cream.

Berry dumplings and berry rolls, poly make good inexpensive desserts. They are usually eaten with sugar and cream. A rich baking powder biscuit dough is rolled in a thin sheet and spread with softened butter. Sugared berries are sprinkled evenly over the dough and the whole is rolled up, jelly-roll fashion, and baked. Cut in slices to serve the poly-poly.

Federal Law for Divorce and Marriage

Chicago, July 6—(AP)— Judge Harry B. Miller of the Superior Court of Cook county, who has presided over the trial of hundreds of divorce cases, in an article released for publication today, urged that the marriage and divorce laws should be Federal laws rather than state.

"The conflicts between the enactments of the various states constitute a legal fallacy, Judge Miller pointed out, and destroy the sanctity of marriage and its social benefits.

He urged also that: Persons mentally or physically unfit, be barred from marriage.

Men divorced from wives with minor children be barred from remarriage until their obligation to the children has ceased or permanent arrangements for their support made.

The regulations surrounding marriage be strengthened and that marriages and divorces both be made less easy.

THE CHALLENGE OF OUR LEISURE.

Back in the palmy days of the stock market boom we used to hear a good deal about the "era of human leisure," that was just dawning, or just about to dawn. Five-hour days and four-day weeks were predicted for the immediate future, and a society in which man would spend more time at play than at work was forecast on every side.

We don't hear so much of that sort of talk nowadays—probably because so many millions of Americans have so much more leisure than they have any use for. But Dr. Robert A. Millikan, famous physicist, returned to the topic in a speech at Akron the other day and remarked that "the great job of the coming century" is to learn how to use the leisure that is going to be available.

The development of machinery and the advance of science, he said, are "making man the master of his fate and providing the opportunity for a civilization enormously more beautiful and more beneficent to every man, woman and child on earth."

This may sound like mockery, just now, when our inability to master our fate is more painfully apparent than at any time in years, and when so many men would gladly embrace any kind of drudgery if only it provided regular wages and steady meals.

But it is the kind of thing that needs to be said, nevertheless.

The motor that keeps our industrial civilization moving ahead may have stalled, but it still has tremendous capabilities. If we are bogged down just now, we should forget that these bright visions of our technologists are perfectly in line with the facts.

Beyond the tragedy of unemployment, idle factories and breadlines there stands the dazzling fact that applied science has made it possible for the work of the world to be done with far less human effort than ever before, has made it possible for every mortal to have enough of everything if only the system of distribution is properly organized.

From the depression we can emerge into an era finer than anything we have known before. The tools are in our hands; we need only learn how to manage them.

GRAND OPERA AND ITS "ANGELS."

One of the unfortunate results of Samuel Insull's financial crash is the closing of Chicago's magnificent new opera house.

This theater is among the most beautiful and costly on earth. Insull gave it to Chicago. He was the "angel" on whom the opera company could always rely for funds to meet a deficit that might arise during a season.

Now Insull is broke—so Chicago will have no opera. The singers have been dismissed, a \$500,000 deficit left over from the 1932 season is still unpaid and people are wondering what is to be done about the huge mortgage which hangs over the opera house—a matter of around \$17,000,000.

Judging solely by this, one would be forced to the conclusion that grand opera in the United States is strictly a rich man's plaything—an art form that cannot possibly pay its way and that exists, when it exists at all, only because the wealthy can be induced to subsidize it.

But it just happens that other American cities have shown that opera can stand on its own legs in the United States if it is stripped of its fancy frills.

Several of the larger inland cities have repeatedly proved that summer opera seasons at popular prices can pay their own way.

No elaborate theaters are required; no highly press-agented stars with their enormous salaries are needed; no coterie of society folk is called on to occupy the dress circle and foot the bill.

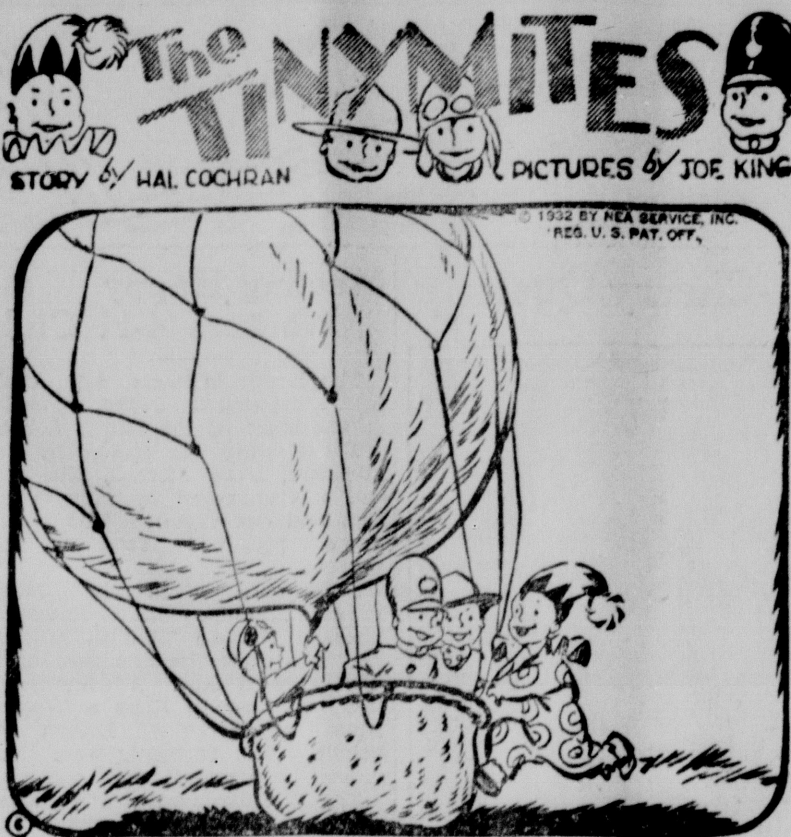

Instead, grand opera is presented just as any other amusement enterprise might be. A good deal of local talent is used. An outdoor amphitheater is generally pressed into service. Tickets are sold at prices that can compete with the movies. The result is excellent musical entertainment that needs no subsidies.

If grand opera ever flourishes in the United States it will be in some such way as that. Subsidies, fabulous salaries and the support of society are drawbacks, not helps.

There is abroad in our modern democracies an infectious disease which may best be described as candiditis. It thrives upon platitudes and upon rhetorical expression of truths so old and so universal that one must wonder why they are repeated.—Nicholas Murray Butler, president of Columbia University.

I believe that in 100 or 200 years there will be no more democracies in existence. We do not know enough to govern ourselves. It is an extreme sorrow to me that the country I love, where I was born, and where I have so many friends, seems to be going through a period where nobody can step on the bridge and steer the ship.—H. Gordon Selfridge, native of U. S., now mercantile leader in England.

The country will need the railroads for a long time to come.—J. H. Hustis, vice president, New York Central.

(READ THE STORY, THEN COLOR THE PICTURE)

Of course when Duncy found that he had caved the horse in, he said, "Gee! I really didn't mean to spoil the fun that was in store."

"I thought that I could take a ride upon the funny-looking horse. I promise I'll behave and not pull mean tricks any more."

"You better not," said Windy. "We were getting on just famously, when suddenly we took a plop and almost bent in two."

"You might have known we couldn't hold a lad like you, but I won't scold. We'll straighten up the horse and then some more good tricks we'll do."

It didn't take them long to get back into shape. "Well, now we're set to try a little jumping," shouted Coppy, with a grin.

"Hold up a stick and we will try to jump right over. Me, oh my, I'm sure that we'll be clever and I can't wait to begin."

"The stick was held just off the ground. The Tinies swung the horse around and Scoutly shouted,

"All right, go! The jump is not so steep."

But, when we Windy did his jump he kicked poor Coppy with a thump. It didn't hurt the lad, but they both lay in a heap.

Poor Windy crawled out of the mess and very shortly said, "I guess that we have had enough of that." And Coppy quite agreed.

Just then brave Scoutly shouted, "Hey! A balloon is coming right this way. Twill land here very shortly 'cause it's coming down with speed. The big balloon soon reached the ground and all the Tinies gathered round. A man stepped out of it and said, 'Who wants to take a ride?'"

"We do! We do!" the Tinies said. "We'd like to sail 'round, overhead." The man then snapped right back at them, "All right, then, crawl inside."

man who is going to succeed in business in the future. That is the man to watch—not the corner trimmer—he will seal his own doom.

"Another thing about business: There is lots of money in the country. Just check over the deposits in the banks of your own town and you will be surprised at the volume. Then why are the people not spending this money? Partly because business is still 'taking orders' and not 'selling.' There are high priced goods on the shelves and the owners are not willing to trim the price, take the loss at once and start over. People are shopping judiciously, but they will turn their money loose if you will make it attractive for them."

"JUST TRY THAT, AND CHECK UP ON RESULTS."

That kind of business will soon run its course during these days, when even the worst men realize that in business honesty is the best policy.

"If your salesman come in and tell you how this type of competition is interfering with your success, just tell them not to worry about that. Time will cure that, but tell them the man to watch, the man to be afraid of from a competitive standpoint is that man who knows his costs, who adds a legitimate profit, who backs up every word he utters and who makes good every representation of his salesmen. That is the kind of

"Ma's Marriage Has 'Blown Up'"

Hermosa Beach, Calif., July 5—(AP)—Coincident with the booming of a fireworks display at the beach here in front of her home, Mrs. Minnie (M) Kennedy Hudson announced that her marriage to Guy E. Hudson had "blown up."

"You can say for me," began Mrs. Hudson, mother of evangelist Aimee Semple McPherson Hutton, "that after a year of fruitless attempts at establishing Mr. Hudson in a permanent position, I have decided that it would be to our mutual advantage if he went his way and I went mine."

Hudson had been living for the past several days in a Los Angeles hotel. Mrs. Hudson had explained it was an "economic separation" while Hudson was looking for work. She had denied it would be permanent.

\$90,000 A Year—Whether She Works or Plays

Colleen Moore Not Worried Over Parts

By DAN THOMAS
NEA Service Writer

Hollywood—in a large white house in Bel-Air, most exclusive Hollywood residential section, is a little girl who spends most of her time playing tennis and swimming and her spare moments wondering what she is going to do, to earn \$90,000 during the coming year.

That little girl is Colleen Moore, proud possessor of a new long term film contract which guarantees her \$90,000 for the next 12 months regardless of how many pictures she makes.

Of course, it isn't quite correct to refer to Colleen as a little girl. Already she has been married twice and has been one of the biggest stars in motion picture history. But when you see her playing in her back yard, where both the tennis court and swimming pool are located, you get that little girl impression. She gets too much kick out of these pastimes for any grown-up screen star.

"I'm a changed woman," she told me as we splashed around in the pool, lazily. "Before I married Al—Al Scott, wealthy young New Yorker, is her present husband—I was a regular hothouse flower. Out door pleasures didn't appeal to me at all. Now I go camping, can flip a flap-jack and ride in an open car with the top down in a blizzard."

"I'm happy, too—happier than I ever thought I could be. Believe me, I certainly am in favor of second marriages. Al makes a game out of everything. He lets nothing worry him and assumes all the responsibilities for both of us, so I have nothing left to worry about. It's grand."

It's been about two years since Colleen made her last picture. And while she's anxious to get back into the racket again, she isn't letting her return worry her. A few weeks ago she signed a long term contract with Metro-Goldwyn-Mayer

Colleen Moore, above, is greeted by the gateman as she returns to the studio after an absence of more than two years.

calling for a very sizeable salary—\$90,000 for the first year and increasing amounts each succeeding year. Consequently her return now is in the hands of M-G-M officials and she's going to let them do whatever worrying is done. Of course, there's a reservation. She doesn't have to do any story she

doesn't like. "Flesh" with Wallace Beery will probably be the first of her new film ventures.

In the meantime she's having lots of fun playing tennis, swimming and acquiring a tan which rapidly is beginning to rival the present coloring of Joan Crawford, Billie Dove and Evelyn Brent.

SCOUTS' CAMP UP RIVER HAS BEEN PLANNED

Outing Across River From Lowell Park Week Of July 17

Camping out seems to be unusually popular this year. It is a means of recreation and training that is limited only by the experience and ingenuity of the leaders and campers.

Many Boy Scout Troops are now taking overnight and two or three day camping trips near home. They are usually conducted by a group of Troop committeemen, dads of boys or older Scouts who assist the Scoutmaster.

During the week of July 17th there will be camping on a beautiful site across from Lowell Park. The property is owned by Dixon men,

and they ask only that the property be treated as good Scouts know how.

Loy Knox, Scout Field Executive, and several Eagle Scouts will be there for most of the week to help with program, and direct the camping and out-door cooking. No Troop can stay for more than three days because food will be brought from home and must be kept fresh. Simple, nourishing food with plenty of vegetables and fruit is advised. Any Troop or patrol who wish help in making out a list of articles of food should drop a card to Loy Knox, Scout Field Executive, at Sterling, Ill. Troops will secure their own tentage and each Scout must have some kind of canvas, oilcloth or slicker for a ground cloth.

A camp similar to this one is being conducted this week Tuesday, Wednesday and Thursday on Cedar Creek near Albany for the troops in the west end of Whiteside county.

The big Council camp will be held this year at Camp Rotary, New Milford, Ill., near Rockford. The staff

Prohibitions Are Ready For Issue

Indianapolis, Ind., July 5—(AP)—Clinton W. Howard, delivering the keynote today at the opening session of the Prohibition party's national convention, hurled a challenge at the wet element of the two major parties.

The Rochester, N. Y. man attacked both the Republican and Democratic national platform planks dealing with the liquor question.

"We are ready to meet them on the prohibition issue in constitutional form at the polls," he declared.

BENEFIT GAMES FOR YOUNG FAN ARE ANNOUNCED

City League Teams To Help Pay Hospital Bill Of Daniels

Officials of the two soft ball leagues today announced a series of benefit games to be played for Benny Daniels, ten-year-old youngster, who was hit in the head with a bat during a game and is still a patient in the Dixon public hospital. Benny has made excellent progress and from present indications will be able to leave the hospital for his home within a few days. He has been one of youthful fans throughout the season and was popular with the members of all of the teams.

The officials of the two leagues today set aside all games played Thursday and Friday evenings as benefit games. Collections will be taken at the six games, the proceeds to be used toward defraying the hospital and doctors' expenses of the little fellow. The schedule of games for this evening begins with the following teams:

Merchants vs. Highland—Independent field.

City Dudes vs. Ideal Cafe—South field.

Brady Villagers vs. Swissville Grocers—North field.

The James team whitewashed the Beier Loafers last evening by a count of 8 to 0. Burrs allowing but eight hits while the Loafers registered several costly errors.

Do You Remember

One Year Ago Today—By the margin of one stroke, Billy Burke finally nosed out George Von Elm, 148 to 149, in the second 36-hole playoff for the National Open championship at the Inverness Club, Toledo.

Five Years Ago Today—Wesley Ferrell, student at Oak Ridge Military School in North Carolina, who has been pitching for East Douglas, Mass., in the Blackstone Valley semi-pro league, signed a contract with the Cleveland Indians, to report to them Aug. 11.

Ten Years Ago Today—Johnny Dundee, veteran New York Italian, retained his junior lightweight title by beating Jack Sharkey in the judges' decision in 15 rounds at Ebbets Field, Brooklyn. Dundee won every round of the 15.

Olympic Fund Is Nearing Its Goal

New York, July 6.—(AP)—The American Olympic committee, which has been raising enough money to send a full representation to the games at Los Angeles, has announced it is now only \$48,000 from its goal.

The campaign for funds lagged badly in its early stages but has been picking up momentum. President Avery Brundage said, and although he declined to give the exact amount raised said the goal was in sight. All expenses of the winter sports team have been paid. The sum of \$350,000 originally was set as the minimum required but economies were affected in various sports and the total was cut considerably.

Hooks and Slides

By WILLIAM BRAUCHER

The wise guys were right on that "smelling Sharkey" thing, after all. At noon, on the day of the fight, Broadway tipsters telegraphed their clientele to parlay the horse. Cutie Face, with Sharkey—and play both the horse and the fighter on the nose.

Cutie Face won at 16 to 5 and didn't Sharkey win, too?

THE TALENT—

During the day before the big fight, the office of Jimmy Johnson the Boy Bandit of Broadway, the promoter of the affair, became the meeting ground of a pretty well-mixed crowd of newspaper men, fighters, fight managers, hangers-on and disciples of the creed that everything is "in the bag"—The whisper was all Sharkey—Of course not all of the sports writers present agreed. They were only there to ask a few questions anyway—and to battle with Johnson about their battie.

WHAT! NO TICKETS!—

Some of the visiting frenemies became incensed at the Boy Bandit, charging they had been double-crossed on legitimate press requests, while many who couldn't tell you the difference between a typewriter and a screw machine held their seats in the working press section.

But the point that this essay aims to make it that the guy who talks out of the corners of their mouths were very sure that Mr. Sharkey would get the nod.

HE CALLED IT—

"If Sharkey is still on his feet at the end of 15 rounds," said one of these talented gents, "he will get the duke."

It that isn't calling the turn, brethren, it will have to do until some better turn caller comes along.

MAX CAN TAKE IT—

Not only can Max Schmeling, the outwitted incumbent, take a heavy bust on the chin, but he can take a kick in the pants, too, my friends.

He proved that, and won a million admirers when he went over to Jack and slapped his back and shook his hands after being battered out of a million dollar title—It was a fine, generous gesture—and that was a good move of Max's, too, when he bade Herr Direktor Jacobs to quit bellowing up and down Broadway.

IT'S ALL OVER NOW—

All of the Herr Direktor's shrill screams could not change what the moving finger had written, anyway.

And, as far as the New York State Athletic commission investigating the affair—that would be just like Mayor Jimmy Walker cross-examining himself in the Seabury inquiry. An investigation of such a nature wouldn't mean any more than an international vote on who won the war.

GUESSING POOR—

This essayist picked Schmeling to win, and thought he did. The next fight that is held under the auspices of the New York Athletic commission will find this essayist trying to pick the winner of the third race at Saratoga. Bet your money on the horses, boys, where you've got a chance to guess right once in a while!

PIRATES SHINE IN SEVEN OVER-TIME CONTESTS

Joe McCarthy Heard A Lot Of Bad News On Tuesday Open Day

By GAYLE TALBOT

Associated Press Staff Writer

If their rivals will continue to feed them extra-inning games, the Pittsburgh Pirates should have little difficulty salting away the National League pennant.

The statement is made notwithstanding the fact that many baseball men still cannot see George Gibson's outfit as a serious contender even if they are out in front by two full games at this stage.

The answer is simple: The Pirates are making a practice of winning any contest that goes longer than the regulation nine innings.

Nine times this season they have traveled past the regular closing time, and in seven instances they have taken the decision.

Bill Swift gave them their sixth straight 10 inning victory yesterday when he licked the Giants, 4-3 in 10 rounds.

In the only other game on the big league calendar, the last place Cincinnati Reds damaged the Cardinals, 12 to 4. Red Lucas pitched his 17th consecutive complete game, and kept 10 St. Louis hits well scattered.

Bad News For Yanks

Although there was no action in the American League, there were a few interesting news items.

Manager Joe McCarthy learned that his favorite catcher, Bill A. Dickey, had been sent down indefinitely for his attack on Carl Reynolds of the Washington Senators the previous day, then discovered that Charley Devens is not quite ready to burn up the big time.

Devens who stepped out of Harvard into a nice pitching contract with the Yanks last week, lasted only five innings against the Baltimore Orioles, during which he was touched for 12 hits and seven runs.

Jack Quinn of the Brooklyn Dodgers, the oldest active player in either league, observed another birthday anniversary. The record book credits Quinn with 47 summers and autumns, and he is still one of the better relief pitchers.

Muldoon & Co. To Dictate Broadcast

New York, July 6.—(AP)—Only "boxing experts" will be permitted to broadcast radio descriptions of matches in this state hereafter, the New York State Athletic Commission has decided.

The new rule is an outgrowth of the controversy over radio accounts of the recent Schmeling-Sharkey bout in which Charles Francis Coe, novelist, and Graham McNamee, announcer, indicated Schmeling had gained a wide lead on points over Sharkey.

A majority of critics at the ringside also thought the German had won but the commission approved the decision that gave Sharkey the fight and commission said it considered a boxing or wrestling sports writer, referee or judge competent to broadcast boxing or wrestling bouts.

Sidelights In News In Capital Of United States

By HERBERT PUMMER

Chicago—That big, broad-shouldered, smiling Kentuckian—Senator Alben W. Barkley—is a rather proud man the night after he got through with the job of key-noting at the Democratic national convention.

He succeeded in starting a show—a parade, as a matter of fact—with his speech. And it rather tickled him.

He admits now that the job worried him a great deal. He believes it's one of the hardest he ever tackled. But he wouldn't mind doing it again. It gave him a big kick.

Some 500 hours went into the preparation of that speech. And they were 500 hours snatched here and there. Congress was in session, his vote was needed. He'd like to know just how many miles he traveled in the weeks before the convention, hurrying from the Senate office building across the hill to the Senate chamber to answer quorum calls and cast his vote.

CHEERS WERE WAITING—

As a matter of fact, had he not known how enthusiastic an audience he was to have, it wouldn't have been necessary to spend so much time on the speech. Those Democratic delegates on opening day seemed ready to applaud and cheer anything or anybody.

It looked for a while as if they might start parading around the stadium before Chairman Raskob called the convention officially to order. It was an old-time seething, demonstrating bunch of Democrats.

But despite the enthusiasm, Barkley admits he's rather glad that he did go to the job of getting ready in thorough fashion. In his own words, "It's the greatest Democratic convention in the history of American politics."

And the energy he expended to get it started on its way he regards as well spent.

But the job of presiding over a convention—that's another matter.

ORDER ORDER!—

It may have been because Vice President Curtis is so insistent that Senators remain in their seats and refrain from conversation on the floor of the Senate that Barkley tried to preserve order in the Chi-

ago Stadium.

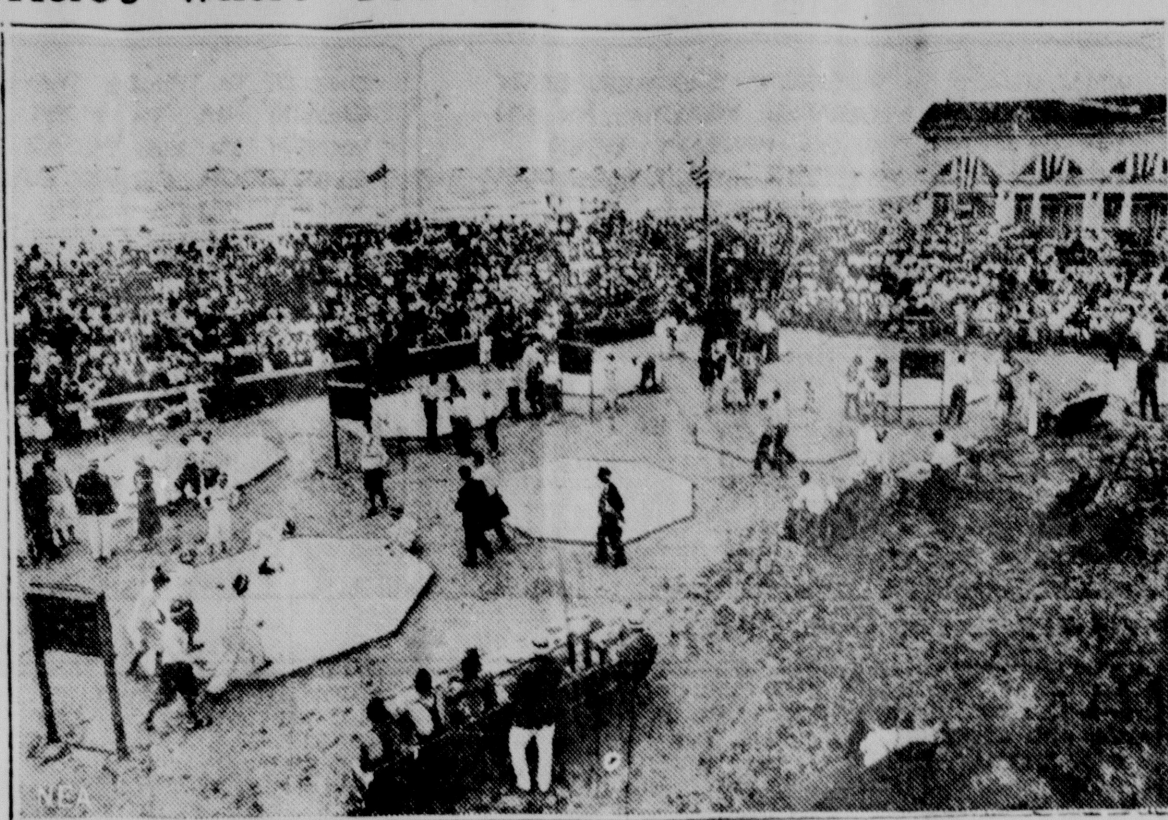

He did try. But he didn't get very far.

He banged that big gavel, furnished by Michigan Democrats, and made of 48 different kinds of wood, much in the way he would wield a sledge hammer. It looked at times as if he would really lose his temper when delegates would clog the aisles and hold conferences.

Once he stopped everything "until this useless milling about ceases."

The delegates applauded him—sat rather quiet for five minutes—then started it all over again.

Here's Where You Have To Know Your Marbles

Champion boy marble-marksmen had heeded the call of "Knuckles down!" when this picture was snapped during the annual marble tournament at Ocean City, N. J. The size of the gallery makes marble-shooting appear to be a major sport.

Repeal Democrat Wins N. C. Primary

Charlotte, N. C., July 5.—(AP)—Unless he is upset by his Republican opponent—and for 30 years the Democratic nomination has been equivalent to election—Robert R. Reynolds, who favors prohibition repeal, will be Senator from North Carolina after the November election.

Reynolds defeated Senator Cameron Morrison a dry by a 2 to 1 vote in Saturday's primary. Morrison was appointed by Governor O. Max Gardner upon the death of Senator Lee S. Overman two years ago.

Jake Newell of Charlotte the Republican nominee for Senator has announced he will campaign on a "bone-dry" platform.

"I'm afraid she is beginning to show her age."

THIS CURIOUS WORLD

SIR HENRY MORGAN

WAS KNIGHTED BY THE KING OF ENGLAND AND MADE LIEUTENANT GOVERNOR OF JAMAICA, BECAUSE OF HIS FEARLESS EXPEDITIONS AGAINST THE SPANISH, WHILE ROVING THE SEAS AS A PIRATE.

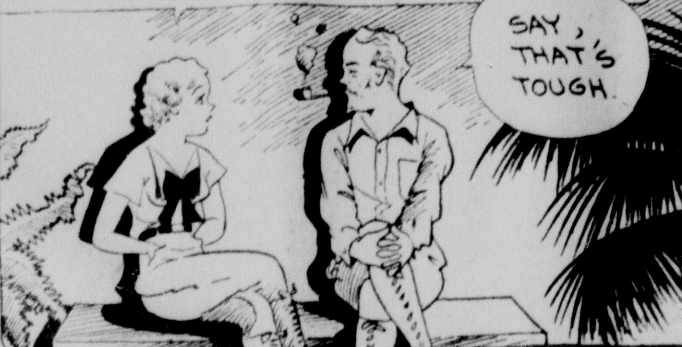

WILD SKUNKS CAN DO HANDSTANDS ON THEIR FORE FEET!

"MUSH" IS THE ESKIMO WORD USED IN STARTING A DOG TEAM. FROM THIS COMES THE WORD "MUSHING," MEANING TO TRAVEL BY DOG SLED.

Henry Morgan was the greatest pirate of the western seas. There have been pirates as cruel and brave as Morgan, but none who was so successful in furling his men with his own indomitable spirit. He was born on a farm in Wales, later became a slave, and finally a pirate. He always maintained a polite disguise of flying English colors. The sacking and burning of Panama was his greatest adventure. Even after he was made a high official he promoted piratical enterprises.

Road Building Is About 10 Mi. A Day

Springfield, Ill., July 6 —(AP)—State and county road building attained a speed of almost 10 miles per day during the week that ended June 22, Frank T. Sheets, chief highway engineer, announced today.

A tabulation of construction work carried on in the ten districts of the state, on the bond issue system and on the county work, lists 58.63 miles completed during the week. Of this, 42.03 miles was paved and 16.66 miles graded.

The construction for the season, up to June 22, added 402.78 miles of highways to the state and county systems—a distance that exceeds the entire length of Illinois, from Cairo to the Wisconsin line.

During the year, thus far, 272.35 miles of pavement had been completed and 130.43 miles of roads were built of gravel or macadam up to June 22.

Fog horns in operation on the ocean liners, Bremen and Europa weigh about a ton.

If Kipling Had Written Like This

"If you can see what some folk call 'depression' As nothing but a spin of Fortune's wheel; If you can keep your poise and self-possession No matter what you think or how you feel; If you can view a stupid situation All cluttered up with 'ifs' and 'buts' And take it at its proper valuation A challenge to your common sense and 'guts'; If you can rise above the mess and muddle, If you can glimpse a rainbow through the clouds When Doubt and Dread and Fear are in a huddle And hope is being measured for a shroud; If you can keep a saving sense for humor For stories that are slightly inexact; If you can disregard Report and Rumor, And not accept a statement as a fact; If you can spread the gospel of the 'ifs' If you can stir the spirit that instills The latent life in laths and looms and presses And lift the stream above a thousand mills; If, briefly you can spend an extra dollar; If you can pry the sacred Roll apart And buy another shirt or shoe or collar And act as if it didn't break your heart; If you have faith in those with whom you labor, And trust in those with whom you make a trade; If you believe in friend and next door neighbor And heed examples pioneers have made; If you expect the sun to rise tomorrow; If you are sure that somewhere skies are blue— Wake up and pack away the futile sorrow For better days are largely up to YOU!"

A BOOK A DAY

TELLS WHY AND HOW THE NUDIST GETS THAT WAY

Trying to figure out why nudists like to be nudists is a harmless way of filling in an idle half hour; but it's a lot simpler to get a book by a practicing nudist and get the dope at first hand, and "On Going Naked," by Jan Gay, will do the trick for you very nicely.

Miss Gay here describes the nudist movement all over the world. She tells of its great development in Germany, where there seem to be dozens of parks or camps in which men, women and children live without clothes; of its older emergence in France, where the nudists are less numerous, but also less self-conscious; of its manifestation in Sweden, where people are so used to nude bathing that they cannot understand why other countries should suddenly get so excited about nudism; of its difficulties in England, where the nudists are hostile; of its slow but steady growth in the United States, where officers of the law don't always understand.

She seems to be rather less of a crank than most of the people associated with the movement. She doesn't for instance, insist on a vegetarian diet as most of them do, and she is able to laugh at the deadly seriousness so many nudists adopt.

She gives, also, a quietly sensible defense of the practice of nudism, tells why she practices it, and, all in all, writes an intelligent and informative book.

LEAP YEAR BRIDE

BEGIN HERE TODAY

CHERRY DIXON, pretty 19-year-old daughter of wealthy parents, falls in love with DAN PHILLIPS, newspaper reporter. They are married and Cherry for the first time finds what it means to be a wife. They take a cheap apartment and her struggles with housework are discouraging. DIXIE SHANNON, movie critic of the News, is friendly with Cherry. She meets handsome MAX PEARSON, also on the News. After several weeks Cherry's mother becomes seriously ill. The girl is called home and there is a reconciliation with her parents but pride will not allow her to accept financial aid from them. When Mrs. DIXON Cherry finally reaches home but after that Cherry avoids Pearson.

BRENDA VAIL, magazine writer, comes to Wellington. Dan meets her and she asks him to collaborate with her on a play because he can supply information she does not have. Dan is delighted but Mrs. Cherry says Miss Vail she does not like her.

NOW GO ON WITH THE STORY CHAPTER XXXVI

DAN PHILLIPS looked up from the typewriter. "We've been at this thing for two hours, Brenda," he complained, "and I haven't even written half a page!"

The typewriter table stood a few feet from the davenport in the living room of Brenda Vail's apartment. A lamp made of a Chinese vase with a lafetta shade illuminated the young man's face.

Brenda Vail turned. She had been standing before the open window and now she rested one hand against the casement. It was a pose that was becoming as Brenda Vail very well knew. Her figure was silhouetted against the blue sky. She wore her favorite costume—pajamas. They were made with trousers of black velvet and a tunic of gold brocade.

Miss Vail shrugged impatiently. "What is the use?" she said. "I have told you that when I am out of the mood I simply can not work. I am tired. My head aches. This trying to build up action, to plan entrances and exits—oh, it is maddening!"

"I'm sorry!" Phillips' tone was apologetic. "I didn't know you weren't feeling well. It's only that you know we promised ourselves we'd have the first act done this week. You should have sent me away long ago."

He arose but the woman put out a hand to stop him. "No," she said. "Don't go. Stay here and talk to me and maybe the head will feel better. I am as anxious to have the work finished as you are. A little rest and perhaps I'll be able to get it at again."

She sank to the davenport. Her very boyish and very attractive when he smiled. "I'm sorry, but honestly the only thing I've been thinking of for a week is this play. Do you really understand what this means for me, Brenda? Do you? Why, I'd begun to think I was sunk in the place forever. I thought I was never to have a chance. It was the greatest piece of luck in the world for me when you came here!"

She was pleased. "And I think it was luck for me, too," she said. "Tell me—what are you planning to do if our play is a great success?"

"Oh, I hadn't thought that far ahead yet. Remember, the first act isn't finished! But I'd like to go to New York and know some of the people you've talked about. I'd like to go to the places you've told me about. That must be the life—New York with the theaters and the people who write and act and paint!"

Brenda Vail put a hand on the young man's arm. The faint odor of mimosa, heady and pungent, came to his nostrils as she moved.

"You must let nothing stand in the way of your work," she told him. "Nothing—do you understand? You must go to New York. You must travel. You must have freedom and you must be with those who understand."

"I'll do anything you say," he assured her eagerly. "Ah—you are a dear boy!" From a radio in a nearby apartment came the strains of a waltz. It was softly played, melodious. As the song reached the chorus the violinist took the melody, sent it forth throbbing as a lover's plea. The rhythm of the music caught at the senses. The song reached its climax, ended on a high note.

Dan looked at his watch. "Why, it's almost midnight!" he exclaimed. "I had no idea it was so late. Cherry will be sure I've been murdered."

"But this isn't late!" "It is for Wellington," Dan told her with a grin. "Anyhow, I'll have to dash along. Are we going to be able to work tomorrow?"

"I'm not sure," Miss Vail told him. "You can telephone me at noon."

She always spoke as though anything another person did for her was a favor to themselves. Some how Dan admired her for it. It made her seem very sophisticated, very much a part of that outer world.

"I'll call you about 1 o'clock," he promised. "And I hope you'll feel better in the morning."

The door closed after him. Brenda Vail crossed the room with a determined stride. She took another cigarette from the box, lit it and dropped comfortably to the davenport.

"He's a fool," she said to herself, "but useful—and amusing!"

CHERRY sat on her knees surveying the stretch of yellow cotton cloth. It was spread on the floor before her and laid on in curious fashion were oddly shaped pieces of yellow tissue paper.

There were lines in Cherry's forehead. "Now I wonder," she said aloud, "if that can be right?"

Since there was no one to answer the question went without reply. Cherry took up the scissors and began to cut around the paper pattern.

Slowly and laboriously she cut around the last bit of paper. The sections of cloth did not seem to look like much but when Cherry held them up she thought she began to understand how they fitted together.

She was gathering up the last of the strips of yellow cloth when a key sounded in the lock. Cherry scrambled to her feet.

"Goodness, Dan, I didn't know it was so late!" The young man looked down at the floor. "Say, what's going on here?" he demanded. "What in the world—?"

Cherry laughed. She held up a long piece of cloth. "My new fall outfit!" she said. "How do you like it?"

"Well, it doesn't look like much to me. What's the idea?"

and Mrs. M. P. Dewey spent Sunday and the Fourth at the Joe T. Rey home in Decatur.

Mr. and Mrs. Carl Kramer spent the week end with friends in Michigan.

Miss Mary Clinton who was seriously ill last week is rapidly recovering. Miss Helen Paige, R. N., of Aurora has been caring for her.

Marvin and Guy Sisler, Jr. are visiting at the home of their grandmother, Mrs. F. W. Lewis of Robinson.

Mrs. William Ewalt entertained her son Paul's Sunday school class last Thursday afternoon. Seventeen boys and girls and their teacher, Miss Helen Erickson, were present. A scramble dinner was served and games were then played on the lawn.

Arden Jackson took a truck load of butter to Chicago last Monday for the Green River Creamery. Clifton Sisler accompanied him to Aurora where he spent the day with his parents, Mr. and Mrs. Clyde Sisler.

T. J. Calhaver and family of Western Springs spent the Fourth with Mrs. Calhaver's parents, Mr. and Mrs. G. D. Morton.

The members of Friendship Chapter No. 376, O. E. S., and their families held their annual picnic last Thursday evening on the beautiful lawn at the home of Mr. and Mrs. Vance Hopper. A delicious scramble supper was enjoyed and the remainder of the evening was spent in the social manner.

Mr. and Mrs. Mark Sisler and son and Mrs. Sisler's parents, Mr.

tion head was pillowed against a cushion of jade satin.

"Sit here beside me," she went on. "You're comforting, Dan. I feel as though I'd known you a long while, yet what is it? Only about two weeks. Most of that time we've been talking about gunmen and gangsters and other terrible creatures. Talk to me about something else, won't you?"

He dropped to the seat beside her. "Wouldn't you rather I'd go?" he said uneasily. "If you're tired rest is what you need."

For an instant the gray-green eyes met Dan's. "If you go I'll be lonely," Brenda Vail said softly. "And I am lonely so much of the time."

Phillips smiled. "That's an odd thing for you to say. You have so many friends, Brenda. Why, you're the last person in the world I'd expect to be lonely."

"You think so? Ah, then you are not as clever as I thought. Loneliness comes from the heart. What do you know of a woman's heart?"

"Why—why I don't know. I don't spend much time reading those love-lorn columns if that's what you mean. I've always had the idea men and women are really pretty much alike."

Miss Vail leaned her head back. "Brenda," she said idly. Phillips held the box for her and flicked the automatic lighter into flame.

"Men and women are alike," Brenda Vail said slowly. "And yet they are different. Each of us, I suppose, is doomed to much loneliness. It is only when a man or woman meets another who really understands that the loneliness is lifted. But there—I have myself for company all day. I want you to talk now."

PHILLIPS smiled. He looked very boyish and very attractive when he smiled. "I'm sorry, but honestly the only thing I've been thinking of for a week is this play. Do you really understand what this means for me, Brenda? Do you? Why, I'd begun to think I was sunk in the place forever. I thought I was never to have a chance. She was pleased. "And I think it was luck for me, too," she said. "Tell me—what are you planning to do if our play is a great success?"</

TELEGRAPH TO PROVIDE GREAT TRIP TO READERS

Unusual Chance To See Colorado On Eight Day Outing

In cooperation with the Chicago & Northwestern, Union Pacific and Denver & Rio Grande Western railroads, the Telegraph is able to offer its readers opportunity to make an all-expense tour of Colorado, starting from Dixon on the following Saturdays: July 30, August 13 and September 3. Each tour to last eight days and to provide for all expenses paid for the sum of \$65.50. If lunch on the train the day of departure from Dixon is not desired and dinner is not wanted on the evening the tour ends, a reduction of \$1.75 is made, making the total cost of the wonderful trip to Denver, Colorado Springs, Rocky Gorge, Estes-Rocky Mountain National Park, and other points of interest but \$63.75.

The tour will leave Dixon on the above Saturdays at 12:54 P. M. and will end in Dixon the following Saturday at 5:07 P. M.

What Rate Includes

The rate includes round trip rail fare with seats in modern air conditioned and reclining chair cars; all meals from Dixon back to Dixon; all sight-seeing, motor transportation and entertainment as specified in the itinerary, published below; rooms at first class hotels, services of a competent escort and guide and baggage transfers.

Reservations for any of the tours, and further information concerning them can be obtained at the Telegraph.

A deposit of \$5.00 will secure a reservation on any of these tours which will be applied on the cost of the tour, balance due one week before date of departure. The deposit is refundable in full should you find that you cannot go. Kindly state DATE of the tour you have selected when making reservations.

STORY OF THE TRIP

SATURDAY—Our parties leave Dixon from the North Western Railway station, on a section of the "Columbine" to the "Overland Route's" famous train, named in honor of the state flower of Colorado. All day we speed westward into the setting sun to the Mount Playground—COLORADO—across Illinois and Iowa, each mile bringing new vistas.

The dining car meals will appeal, as the Overland Route has long been noted for the excellence of its cuisine and generous portions—all meals are included in the all-expense rate.

The coaches with reclining chairs are enjoyable, being especially designed for comfort where an overnight journey by train is made.

SUNDAY—Colorado's mountain peaks are in sight continuously to the right as our train speeds on its way to Denver. For hours our route parallels the main range of the Rockies. First, Mount Ypsilon dominates the picture, then Longs Peak appears to the west like a great silver cloud. Arriving Denver shortly after lunch, we are transferred to the Shirley Savoy Hotel, one of Denver's best known hostleries, where lodging with bath and all meals are taken while we are in Denver. The afternoon and evening are left open for independent sight-seeing, attending the theatres, etc.

MONDAY—Immediately after breakfast we are transferred to the Union Station where we board the train for the Royal Gorge. Lunch in diner enroute. And what thrills are ours in this fascinating region of the Rockies! The sheer

and precipitous walls of the gorge rise fully one-half mile from the surging river. You may enjoy a trip to the top of the Gorge. We return to Colorado Springs in the evening and are transferred to the Alamo Hotel, our headquarters while in the Pikes Peak region.

TUESDAY—After breakfast we board comfortable touring cars for a drive through the Garden of the Gods, a curious sandstone region, eroded by winds, rain and frost into numerous fantastic shapes, then on through South Cheyenne Canyon, with a stop at Steven Falls, returning to Colorado Springs through Broadmoor.

Note: Arrangements will be made by the tour conductor for those who wish to take the sunrise trip to Pikes Peak.

We leave Colorado Springs at noon for Denver. Luncheon on the train. An afternoon ride of thrills and scenic surprises awaits us. Big red buses take us over Denver's broad boulevards, through an irrigated section and then into the mountains, which comprise Rocky Mountain National Park, via beautiful South St. Vrain Canyon, arriving at Estes Park Chalets in the evening—our headquarters while in Estes-Rocky Mountain National Park. When you step out of your car onto the inviting verandas of the Estes Park Chalets, nestled at the foot of fragrant, pine-clad mountains, you are irresistibly drawn from its welcoming doorway to turn and look back at lovely Mary's Lake, shimmering in the basin below the Chalets.

Spacious, airy, refreshing, with accommodations for 300 guests, you find relaxation, entertainment, and good food within the friendly walls of the Chalets. Interesting programs have been arranged for our daylight hours and in the evening there will be entertainment for everyone, including a special dance in honor of our party.

WEDNESDAY-THURSDAY—We spend our time in famous Rocky Mountain National Park—do as we please—go where we will. Here the superb Alpine landscapes and towering granite peaks include the finest grouping of mountain scenery in the entire Rockies. Dominating the Park stand the lofty peaks of the Continental Divide. Activities to suit every taste are here, and in following any of the innumerable trails and roadways, either hiking, horseback riding or motor-ing, each turn discloses new vistas of surprising loveliness. And over all crisp, pine-fragrant air and glorious sunshine!

FRIDAY—Another morning to "ride" your hobby. After luncheon, motor via magnificent Big Thompson Canyon to LaSalle, Colorado, where we board our train for Chicago.

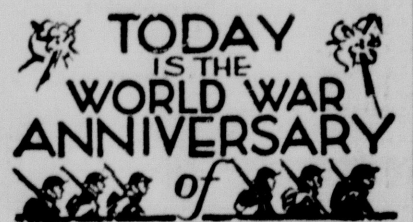

SATURDAY—Enroute eastward through Iowa and Illinois via the Overland Route. Splendid dining car meals and happy, congenial companions add to the pleasure of your trip. Arrive home in the evening—the end of a perfect vacation—with a treasure store of delightful memories that will remain with us for many a day.

BALKAN CAMPAIGN

On July 6, 1918, Italian and French troops in Albania started the Balkan campaign, beginning a drive between the coast and the Tomorica valley.

Italian troops were jubilant and ready for further action along this front when they learned that fellow soldiers had finally completely expelled Austrians from the western bank of the Piave river.

Australians and Americans, doubling up on a front northeast of Villers-Bretonneux, advanced along a range of almost a mile. Americans also successfully repulsed a raid at Xlviay.

Russia's internal strife continued General Count von Mirbach, German ambassador to Russia, was assassinated by two Social Revolutionists.

Mother Of Chicago 'Publisher Is Dead'

Chicago, July 5 —(AP)—Mrs. Katharine McMill McCormick, member of the famous family of journalists and statesmen, and widow of the diplomat, Robert S. McCormick, died of a heart attack early today in Versailles, France. She was 79.

She was the mother of Col. Robert R. McCormick, editor and publisher of the Chicago Tribune, and of the late Senator Medill McCormick, who died in 1925. Joseph Medill, editor of the Chicago Tribune from 1855 to 1899 was her father.

McADOO RETURNS AS KINGMAKER

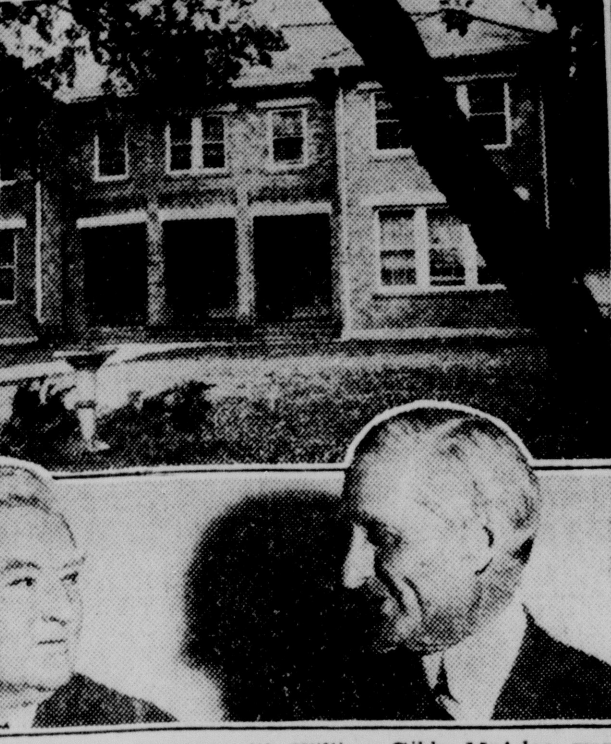

Scenes and Figures in "Texas Jack" Garner's Colorful Career

Here is a part of the camera's record of John N. Garner's colorful career—from farm boy to Democratic vice presidential nominee. At the left he is shown conferring with Mrs. Garner who has served as his secretary at Washington. The center photo depicts him as plain "Jack"

Garner, farmer, assisting in the harvest of the pecan crop on his Texas ranch. In the inset is the Garner of 30 years ago from a picture on his campaign button when as a young farmer, he rode out of the Chaparral down in South Texas to campaign for a seat in Congress. Below is Garner

Garner (left) conferring with William Gibbs McAdoo, wartime secretary of the treasury, who directed Garner's campaign at Chicago for the presidential nomination. Garner's spacious farm home at Uvalde, Texas, is pictured upper right.

California's Revenge for 1924 Defeat Suggests Another Break Between West and East

By RODNEY DUTCHER

Chicago, July 6 — William G. McAdoo came out of the west—a gaunt, gray ghost—to place an obliterating doom on the grim abolition of visio. Alfred E. Smith, who had smashed McAdoo's own high hope eight years before.

Such is the third act of a great personal political drama which has seen Smith and Franklin D. Roosevelt allied against McAdoo. Smith against Roosevelt and finally McAdoo and Roosevelt against Smith. Not until next November can it be told whether there will be a happy ending for anyone concerned.

William Gibbs McAdoo, besides presenting his drama of political vengeance which raises the very important question whether Alfred Smith and his friends may be expected to fall in the Democratic line behind his two bitterest foes, completed a picture of extraordinary clarity which revealed the relatively agrarian, progressive, crusading west and south sharply aligned against the industrial, urban, conservative east.

Recalls the Bryan Days

The sectional lineup, so highly reminiscent of the old Bryan days,

of the Wilson election victory of 1916 and of McAdoo's bid for the nomination in 1924, was made clean cut when McAdoo led California and Texas into the Roosevelt camp. It meant that every convention vote west of Illinois and south of the Mason Dixon line was Roosevelt's. And the refusal of Massachusetts, New Jersey, most of New York—Tammans and its allies—Connecticut and part of Ohio to jump on the fourth ballot bandwagon indicated the difficulty Roosevelt may have in carrying the large electoral vote of that northern tier of states extending from the Mississippi river to Cape Cod. Without Alfred Smith's active support his prospects of carrying any large eastern city are likely to be dim.

To White House via California

McAdoo, the able war-time secretary of the treasury, son-in-law of Wilson, unsuccessful "crown-prince" candidate for nomination in 1920, moved to California about 10 years ago inspired by presidential ambitions. He knew he could not have his home state delegation if he maintained residence in New York. He marched back into Madison Square Garden in 1924 progressive, dry candidate of the west and south, with hundreds of their delegates.

There he met Al Smith, candidate of the wet, eastern machine bosses, who took full advantage of McAdoo's Ku Klux Klan support and former law connections with E. L. Doheny and ended his pres-

idential ambitions in a long, lingering death.

McAdoo had a plurality of delegates, but never a majority. Roosevelt was the nominator, the ardent friend and a leading strategist of Smith at that convention.

Smith kept on being elected governor of New York and became the inevitable Democratic nominee of 1928, placed in nomination by Roosevelt as the "Happy Warrior," while McAdoo lapsed into the generally conceded status of a has-been.

Smith-Roosevelt Fued Developed

After 1923, the Democrats of south and west, badly battered by effects of a religious prejudice, swore they would not nominate Smith again. They eagerly signed up with Roosevelt, now New York's governor. It was the old McAdoo set-up.

Meanwhile, the Smith-Roosevelt feud developed, thanks to Smith's resentment at Roosevelt's failure to maintain close relations. And suddenly the country learned that the forgotten McAdoo, horning in at the head of a state of delegates pledged to Speaker Jack Garner, had won the California delegation of 44 in a primary fight originally scheduled as between Roosevelt and Smith.

What went on in McAdoo's mind as he considered the sworn intent of his old enemy to defeat Roosevelt at all cost and saw his other old enemies—led by Boss Frank Hague of New Jersey—lin-

ing up behind Smith, only can be imagined.

Balance of Power

But it was obvious to him that the 90 votes of Texas and California, both old McAdoo states which he and Garner controlled, were all that Roosevelt lacked to complete an alignment against southern strength plus scattered strength from the more rural eastern sections.

Garner, loyal son of the south-west, joined with him to break the deadlock, to smash the eastern bosses, Hague, Curry of Tammany Hall and the lesser fellows, to bring the favorite sons on to the bandwagon in a final rush and to administer what was perhaps a coup de grace to Al Smith.

McAdoo went on the platform for his big moment, marking the end of the stop-Roosevelt fight led by Smith. The futile but tremendous boogie which threatened to drown him out was exactly the same sort of boogie to the accompaniment of which he had been strangled in 1924. And the great cheer that went up was the cheer somewhat augmented, of the McAdoo men of Madison Square.

McAdoo stood and smiled until he was able to finish. He was re-

joining dozens of the very leaders who had forgotten his battle of 1924.

Al Smith Alone

Al Smith, who knew what was coming, was off almost alone in a hotel room, from which he departed without a word of comment. It was the same Al who had come to town confidently, beligerently and full of wisecracks only a week before.

There are those who suggest that the Roosevelt managers, when they let McAdoo have his big moment were only making one more of the boneheaded blunders which they perpetrated here so frequently. McAdoo, they say, is identified with the old klan in the minds of millions of voters. But McAdoo doubtless insisted on it. He is running for the Senate this year, and if he loses that race and Roosevelt is elected he presumably can have a cabinet job or anything else he wants.
